Each customer bill for service under Service Classification Nos. 1, 2, 3, 5, 6, 7, 8, 9, 11, 12, 13, and 14 (excluding kilowatt-hours supplied by NYPA) will be increased by multiplying all kilowatt-hours delivered by a surcharge rate (as shown in the System Benefits Charge (SBC) Statement). This surcharge is composed of two components:

- a. pursuant to Commission *Order Continuing the System Benefits Charge (SBC) and the SBC-funded Public Benefit Programs*, issued and effective December 21, 2005, in Case 05-M-0090. One-half the annual amount shall be collected during the first half of calendar year 2011. This component of the surcharge will be effective with usage billed on and after July 1, 2006 through June 30, 2011.
- b. pursuant to Commission *Order Establishing Energy Efficiency Portfolio Standard and Approving Programs* ("the Order"), issued and effective June 23, 2008, in Case 07-M-0548. This component of the surcharge will be effective with usage billed on and after October 1, 2008.

The surcharge will be calculated on an annual basis to collect the Corporation's allocated fund amounts as set forth in the Orders identified above based on year-by-year projections of the following year's electric sales. Any over- or under-collections will be trued up on an annual basis.

A System Benefits Charge (SBC) Statement setting forth the annual rate will be filed with the Public Service Commission on not less than three (3) days' notice. Such statement can be found at the end of this Schedule (PSC 120 – Electricity).
