12.1 COMPETITIVE METERING (Cont'd)

G. TERMINATION OF SERVICE

Procedures to be followed when a MSP/MDSP quits providing metering services to Central Hudson customers should parallel the practices and procedures detailed for Retail Suppliers under General Information Section 35.O.

Neither MSPs nor MDSPs are authorized to interrupt the supply of electricity to a customer except, briefly, during the exchange of meters by the customer's MSP and/or Central Hudson; and then, only after the customer has been notified of the scheduled exchange.

Only Central Hudson is authorized by the Public Service Commission to: initiate electric service to a customer; discontinue electric service to a customer; restore electric service to a customer.
