11.3.5 Term Pricing Plans (TPP)

- (A) For SBC PremierSERVSM ATM Service and SBC PremierSERVSM Frame Relay Service, Term Pricing Plans (TPP) provide the Customer with stabilized rates for the duration of the agreed upon term. Except as otherwise provided herein, TPP monthly rates will be exempt from Company-initiated rate increases throughout the selected TPP Service period. For services purchased under a TPP, the TPP start date for each service commences on the date installation is completed, and ends on the anniversary date of the installation.
- (B) The Customer may request an existing TPP Service period be converted to a new TPP Service period without incurring termination or nonrecurring charges provided the new Service period is equal to or greater than the remaining portion of the original TPP Service period.
- (C) If the Customer requests that Service provided under a TPP be converted to a term shorter than the remaining portion of the existing TPP, the request will be treated as a termination of Service and termination charges will apply.
- (D) The Customer must provide the Company written notice of intent to renew TPP no later than sixty (60) calendar days prior to its expiration. Nonrecurring charges do not apply if TPP is renewed. The renewal rates will be the applicable rates in effect at the time the TPP expires. If the Customer does not renew a TPP or does not notify the Company of its intent to renew, the Customer's Service will convert to the then current Out of Term rates until the Customer cancels or renews the Service with a new TPP term.
- (E) Termination Charges

Except as noted in 11.3.5.(B) preceding, Customers who terminate a TPP prior to the expiration of the term period will incur termination charges equal to 50% of the total monthly recurring charges for the remainder of Customer's TPP term.
