Any change in the Company's ability (a) to secure and retain suitable facilities and rights for the construction and maintenance of the necessary circuits and equipment or (b) to secure and retain suitable space for its plant and facilities in the building where Service is provided to the Customer may require Termination of a Customer's Service until such time as new arrangements can be made. The Company may require that the request be submitted in writing as a follow-up to a request made by telephone.

2. The Company shall have the right to take immediate action, including Termination of the Service and severing of the connection, without notice to the Customer when, in the Company's judgment, injury or damage to telephone personnel, plant, property or Service is occurring, or is likely to occur.
