(D) Deferred Payment of Nonrecurring Charges

Before Service is established, the Customer may request to spread the nonrecurring charges for ISDN Primary Rate Interface over a period of time which coincides with the selected TPP. The Customer cannot change the term of this deferred payment arrangement once it is selected. The applicable monthly rate will equal the total nonrecurring charges multiplied by the appropriate annuity factor shown below.

	<u>Payment Terms (in months)</u>				
	<u>12</u>	<u>24</u>	<u>36</u>	<u>48</u>	<u>60</u>
Annuity Factor	.0875	.0457	.0318	.0249	.0208

Upon thirty days prior notification to the Company, the Customer may terminate the deferred payment term by paying the remaining principal in full. No credit will be made for interest already accrued. If Service is discontinued, the Customer will be charged the remaining principal balance of the nonrecurring charges plus the applicable termination charges.

(E) Moves and Changes

There are two types of modifications available for PRI circuits:

1. A move of the point of termination of an existing PRI circuit(s) to a new location within the Customer's same Premises.
2. Any subsequent change or rearrangement of services requested by the Customer on an existing PRI circuit(s).
