

PSC NO: 1 LOCAL EXCHANGE SERVICE
SBC Long Distance, LLC d/b/a SBC Long
Distance, d/b/a AT&T Long Distance
Initial Effective Date: February 9, 2006

Leaf: 161
Revision: 0

Superseding Revision:

One end of a Private Line circuit (e.g., the customer premises) may be moved without termination liability provided the following circumstances exist:

- (1) Customer maintains the same level and commitment of service (e.g., quantity of like-speed and interface Private Line circuits and billing period length.)
- (2) All equipment and transport facilities exist at the new location.

Charges for this one-ended move shall be on a time sensitive charge basis.

9.5 Miscellaneous Charges

9.5.1 Additional Engineering

Additional Engineering will be provided by the Company at the request of the customer only when:

A customer requests additional technical information after the Company has already provided the technical information normally included on the Design Layout Report (DLR).

Additional engineering time is incurred by the Company to engineer a customer's request for a customized service that is not considered by the Company as a standard offering.

9.5.2 Overtime Installation

Overtime installation is that the Company installation effort outside of normally scheduled working hours.

9.5.3 Stand by Time

Stand by time includes all time in excess of one-half (1/2) hour during which Company personnel stand by to make installation acceptance tests or cooperative tests with a customer to verify facility repair on a given service.
