NATIONAL FUEL GAS DISTRIBUTION CORPORATION
INITIAL EFFECTIVE DATE: 11/01/03
ISSUED IN COMPLIANCE WITH ORDER IN CASE NO. 02-M-0515 DATED 04/24/03.

LEAF: 301
REVISION: 0
SUPERSEDING REVISION:

SERVICE CLASSIFICATION No. 23 (Cont'd)

DISTRIBUTED GENERATION SERVICE - Continued

SPECIAL PROVISIONS:

- A. Applicable to both delivery service only and Customers also purchasing gas supply from the Company.
1. Service is subject to the pertinent provisions of Section 20 as hereinbefore set forth under General Information.
 2. Service under this Service Classification shall be separately metered. The expense of facilities necessary to accomplish such separate metering shall be borne by the Customer.
 3. Customers with DG units less than five (5) megawatts may, at the Customer's option, be billed at the rates charged for DG units equal to or greater than five (5) megawatts after installation of the appropriate metered equipment at Customer's expense.
 4. The authorized agents of the Company shall, at all reasonable times, have such free access to the premises of the Customers receiving service under this Service Classification as may be necessary to confirm that gas supplied under this Service Classification is used only in DG equipment.
 5. Adjustment of the Maximum Daily Delivery Contracted Demand ("MDDCD")
The MDDCD shall be established in the service agreement with the Customer receiving service under the greater than five (5) megawatts rate. Once the MDDCD is established, it shall remain in effect for a 12-month period. In the event that the Customer subsequently exceeds the MDDCD during the calendar months of December, January or February, the MDDCD shall be reestablished at the higher volume. The reestablished MDDCD shall remain in effect and shall be used for billing the Customer, for a 12-month period starting with the billing month following the day it was established.
 6. Adjustment of the Maximum Daily Natural Gas Supply Contracted Demand ("MDSCD")
The MDSCD shall be established in the service agreement with the Customer receiving service under the greater than five (5) megawatts rate. Once the MDSCD is established, it shall remain in effect for a 12-month period. In the event that the Customer subsequently exceeds the MDSCD during the calendar months of December, January or February, the MDSCD shall be reestablished at the higher volume. The reestablished MDSCD shall remain in effect, and shall be used for billing the Customer, for a 12-month period starting with the billing month following the day it was established.
