

PSC NO: 119 ELECTRICITY  
NEW YORK STATE ELECTRIC & GAS CORPORATION  
Initial Effective Date: 09/01/03

Leaf: 14  
Revision: 0  
Superseding Revision:

### GENERAL INFORMATION

#### 2. How Service May Be Obtained: (Cont'd.)

##### B. Extension of Facilities (Cont'd.)

##### (6) Underground Allowances for Provision of Service: (Cont'd.)

##### (b) Allowance for Non-Mandatory Residential Underground Service:

Where an applicant requests a residential underground service line in situations other than those described in (a), the cost and expense which the Corporation must bear shall include the material and installation costs equivalent to those relating to the length of overhead service line which the applicant would otherwise be entitled under Section 2.B.(5)(a) measured from the Corporation's existing electric system (from the connection point on the bottom of the riser pole for overhead to underground connections) to each applicant's meter or point of attachment with respect to each residential building.

##### (c) Allowance for Residential and Non-Residential Underground Service elected by the Corporation:

Where the Corporation chooses to provide residential or non-residential underground service, the cost and expense which the Corporation must bear shall include the material and installation costs relating to the necessary Corporation facilities that exceed the amount which the applicant would be required to pay if such facilities were installed overhead.

##### (d) Provision of Mandatory or Non-Mandatory Non-Residential Underground Service:

Where requested to provide non-residential underground service to an applicant, or where a governmental authority having jurisdiction to do so requires undergrounding, the cost and expense which the Corporation must bear shall include the material and installation costs equivalent to those relating to the provision of non-residential overhead service to which the applicant would otherwise be entitled under 2.B.(5)(b).
