

PSC NO: 119 ELECTRICITY
NEW YORK STATE ELECTRIC & GAS CORPORATION
Initial Effective Date: 09/01/03

Leaf: 53
Revision: 0
Superseding Revision:

GENERAL INFORMATION

3. Service Connections: (Cont'd.)

A. Service Entrance Requirements and Meter Ownership: (Cont'd.)

3. Meter Owned, Installed and Maintained by Third Party: (Cont'd.)

- b. The Corporation is not responsible for the adequacy or safety of customer's metering equipment or wiring. The Corporation reserves the right to discontinue service whenever the customer or other third party fails to maintain such metering equipment and wiring in a safe and adequate condition or fails to utilize electricity in such a manner as to avoid interference with the service provided by the corporation to other customers, or with the use of service by customer or others.
- c. New or re-built meter installations shall, at a minimum, conform to National Electric Code requirements and shall be subject to inspection from an independent, competent inspection body.
- d. Consistent with the Manual, customers must provide the utility and MSP/MDSP with clear access to the metering site for the purpose of meter installation, reading, inspecting or auditing the metering installation, recovery of metering equipment, or maintaining metering equipment.
- e. For the Competitive Metering Option, all new metering installations shall conform to standards specified in the Manual. Meter equipment sealing and locking shall also be provided in accordance with the standards specified in the Manual and further clarified in the Competitive Metering Operating Agreement. Meter inspections and testing shall be done in accordance with the Manual.

B. Outdoor Meters:

The Corporation requires an applicant for service to install its service wiring so that the meter is accessible to the Corporation employees from the outside of the applicant's building. The cost of the installation of facilities to accept an outdoor meter, or to relocate an existing non-accessible meter, shall be borne by the customer. The Corporation's authorized employees shall have the ability to access and seal the metering equipment. The cost to relocate an existing accessible meter, when deemed necessary by the Corporation, shall be borne by the Corporation. The Corporation's authorized employees shall have the ability to access and seal the metering equipment.
