PAETEC Communications, Inc.
Initial Effective Date: 10/9/2003

Section: 4 Leaf: 2
Revision: 0

Section 4 - Local Exchange/IntraLATA Toll Calling Areas and Rates (cont'd)

4.1 General (Cont'd)

4.1.1 Description (Cont'd)

4.1.1.A Intra-LATA Presubscription (Cont'd)

Customers who contact PaeTec requesting new telephone exchange service will be informed of the opportunity to choose both an intraLATA and interLATA PIC. If requested by the customer, PaeTec will provide a list of telecommunications carriers, including PaeTec, that are access customers and are maintaining a relationship with PaeTec pursuant to the provisions of the Company's Access Services Tariffs.

The list of intraLATA toll carriers will be presented in a competitively neutral manner. New customers who do not make a positive choice for an intraLATA toll carrier will be identified within PaeTec's system as "no-PIC" and will not be automatically defaulted to a carrier. New customers identified as "no-PIC" within PaeTec's system will be required to dial the access code of a different carrier to place intraLATA toll calls until they make an affirmative choice for an intraLATA toll carrier
