

PSC NO: 219 GAS
NIAGARA MOHAWK POWER CORPORATION
INITIAL EFFECTIVE DATE: 08/01/03

LEAF: 139
REVISION: 0
SUPERSEDING REVISION:

SERVICE CLASSIFICATION NO. 4
INTERRUPTIBLE - LARGE VOLUME (CONTINUED)
(Service not available to new customers after June 1, 1996)

SPECIAL PROVISIONS: (continued)

6. The Company may install, at its own expense, special equipment for monitoring the customer's total gas use. Cooperation by the customer shall be required for the installation of necessary telephone lines and electrical circuits required for such monitoring.
7. During the terms of the service agreement, customer's equipment supplied with gas hereunder will not be supplied with gas purchased under another Service Classification.
8. Service is available hereunder only to customers who maintain standby facilities including fuel therefor as specified in Rule 3 of this rate schedule, adequate to enable the customer to satisfactorily operate the facilities supplied hereunder if needed, whenever and so long as the gas supply is interrupted. The Company assumes no responsibility for the adequacy of such standby facilities and shall not be liable for any loss, damage or expense, direct or indirect, which may be incurred by the customer or others in connection with or as a result of any interruption of gas service.
9. The Company may revise the rate at its discretion. The revised rate will become effective to the customer not less than three (3) business days after the filing of a Statement of Revised Rate. Such statement will be duly filed with the Public Service Commission apart from this Schedule.
