

PSC NY Tariff No. 5 – Telephone
PAETEC Communications, Inc.
Initial Effective Date: 10/10/2003

Section: 4 Leaf: 5
Revision: 0

SECTION 4 - MINIMUM-MAXIMUM RATE SCHEDULE (Cont'd)

4.10 Public Pay Telephone Surcharge

In order to recover the Company's expenses to comply with the FCC's pay telephone compensation plan, effective October 7, 1997 (FCC 97-371), an undiscountable per call charge is applicable to all intrastate, interstate, and international calls that originate from any domestic pay telephone used to access Company services. This surcharge, which is in addition to standard tariffed usage charges and any applicable service charges and surcharges associated with service, applies for the use of the instrument used to access Company service and is unrelated to the Company service accessed from the pay telephone.

Pay telephones include coin-operated and coinless phones owned by local telephone companies, independent companies and other interexchange carriers. The Public Pay Telephone Surcharge applies to the initial completed call and any re-originated call (i.e., using the # symbol).

Whenever possible, the Public Pay Telephone Surcharge will appear on the same invoice containing the usage charges for the surcharged call. In cases where proper pay telephone coding digits are not transmitted to the Company prior to completion of a call, the Public Pay Telephone Surcharge may be billed on a subsequent invoice after the Company has obtained information from a carrier that the originating station is an eligible pay telephone.

The Public Pay Telephone Surcharge does not apply to calls placed from pay telephones at which the Customer pays for service by inserting coins during the progress of the call.

	<u>Minimum</u>	<u>Maximum</u>
Per Call Charge:	\$0.20	\$0.70

Richard E. Ottalagana, Executive Vice President, Fairport, New York
