Effective Rate Schedule

5. INTRASTATE OPERATOR SERVICES

5.1 General

Intrastate calls may be completed or billed with live assistance by the Company's operator center. Calls may be billed collect to the called party, to an authorized 3rd party number, calling card, and person-to-person. Usage charges for local operator assisted calls are those usage charges that would normally apply to the calling party's service.

A. Collect Calls

The term "Collect Call" denotes a billing arrangement by which the charge for a call may be reversed provided the charge is accepted at the called station. A collect call may be billed to a Calling card or third party number. In the case of a collect call to a pay telephone, the charges must be billed to a Calling Card or third party number, or the call may be reoriginated from the called station.

B. Third Number Billing

This option allows a call to be billed to a telephone number identified with a station other than the calling or called one. Charges to be billed to a third number are subject to verification by the Company that they will be accepted by the third number, prior to the completion of the call. Other efforts may be undertaken subsequently by the Company, as necessary, to determine responsibility for payment of such calls.

C. Person-to-Person Calls

An operator will complete the call and billing arrangements. The call may be billed to the originating telephone number, calling card, collect, or to a third number.

D. Sent Paid Calls

Sent Paid Service is a service where the person originates the call from a Company controlled Coin Line telephone, dials "1" plus the called number, and pays for the call by depositing the coins in the coin telephone..
