Service Classification No. 8

Applicable to the Use of Service for:

Firm Transportation Service applicable to an end-use customer of a wholesale customer served by Service Classification Nos. 3 or 9 to P.S.C. No. 4 - Gas (hereinafter called the "Customer") when Corning Natural Gas Corporation (hereinafter called the "Company") has facilities available and adequate for the load. Service under this Service Classification must be requested by an end-use customer who requests transportation for gas which has contracted to purchase from an alternate source.

Character of Service:

Firm transportation of end-use customer owned pipeline quality natural gas requested by end-use customer (or by a wholesale customer for an end-use customer) will be provided from a delivery point at the boundary of the Company's service territory to the existing facilities at the wholesale customer's existing purchase point. The Company will control the dispatch of such gas, and dispatch will be provided as requested by the Customer, except the quantity of gas delivered will be conditioned upon the availability of the Company's capacity to serve the Customer.

Rate:

For all gas delivered under this rate classification during each month the rate shall be \$0.1960 per Mcf, plus the applicable revenue taxes. Above rate subject to increase in accordance with paragraph 24A, page 79.

Term of Payment:

Bills are payable within ten days from date of bill. Bills are rendered at the above rate. The late payment charge will be due if payment is not made on or before the date specified on the bill in accordance with the provision of General Information Rule 12-I.
