Service Classification No. 6

Applicable to the Use of Service for:

Firm Transportation Service applicable to retail customers served by Service Classification No. 1 to P.S.C. No. 4- Gas (hereinafter called the "Customer") when Corning Natural Gas Corporation (hereinafter called the "Company") has facilities available and adequate for the load. Service under this Service Classification must be requested by a retail customer who has contracted to purchase gas from an alternate source. Such customers shall be limited to those requiring transportation for a minimum volume of 5,000 Mcf annually.

Character of Service:

Firm transportation of end use customer owned pipeline quality natural gas delivered to the customer's existing service point. The Company will control the dispatch of such gas and dispatch will be provided as requested by the Customer, except the quantity of gas delivered will be conditioned upon the availability of the Company's capacity to serve such customers.

Rate:

For all gas delivered under this rate classification during each month, the rate shall be \$1.3000 per Mcf, plus the applicable revenue taxes. Above rate subject to increase in accordance with paragraph 24A, page 79. Above rate shall also be increased to include the take-or-pay surcharge described on page 75.

In addition to be above rate, a per unit surcharge based on the pro-rata share of the Cove Point LNG amortization charge billed by the Company's suppliers, which may be adjusted to reflect any significant changes in supplier billings. Prior to any change in the surcharge rate, a detailed statement will be filed with the Public Service Commission.

A per unit charge (transition surcharge) shall be added to collect the Company's stranded capacity costs as described on Leaf 78. The rate shall be provided in a monthly statement to be filed with the Commission.

Application of Deliveries:

Monthly deliveries to the Customer will be applied first to any minimum requirement under the applicable tariff provisions for firm service. Volumes above the firm service minimum requirement, up to the volumes received for transportation (net loss allowance) to the Customer, shall be considered gas delivered under this Service Classification. Any additional volume shall be billed at the rate specified in applicable tariff provisions for firm service.
