SECTION 2 - GENERAL RULES AND REGULATIONS

A. APPLICATION OF RATES AND CHARGES

1. Application Form

Any applicant for facilities or service may be required to sign an application form requesting the Telephone Company to furnish the facilities or service in accordance with the rates, charges, rules and regulations from time to time in force and effect.

2. Business and Residence Rates

a. The determination as to whether customer service should be classified as business or residence is based mainly on the character of use to be made of the service. Although, in general, business rates apply at business locations and residence rates apply at residence locations, residence service will not be furnished at business locations except as provided in c(5) following.

b. In general, business rates apply whenever the use of the service is primarily or substantially of a business, professional, institutional or otherwise occupational nature, where the service is located on a premises whose main use is nonresidential. Examples of locations at which business rates apply are:

- 1) At offices, stores, factories, mines, and all other places of a strictly business nature.
- 2) At houses or apartments where rooms are rented or boarders are taken or both, and in halls and offices of hotels and apartment houses. However, when it is clearly evident that the service located in the customer's house or in an owner's, manager's or occupant's private rooms or apartment is to be used primarily for the domestic purposes of the customer, then residence rates apply.
- 3) At quarters occupied by clubs and fraternal societies, public, private, or parochial schools, hospitals, libraries and other institutions, and in churches. However, at locations, such as fraternity houses where members of the organization lodge, or lodge and board within the building, residence rates apply.
- 4) At tool houses or construction offices of contractors engaged in the reconditioning or remodeling of any structure whether the structure is to be used for business or residence purposes upon completion of the work.
- 5) At residence locations in the same building as the customer's business establishment or at residence locations adjacent to the subscriber's place of business when it is not evident that the telephone located in the residence is to be employed primarily for residence use.
- 6) At all other locations where the subscriber's primary use of the service is for business purposes.
