SECTION II - SERVICE DESCRIPTIONS *continued*

2.5 SERVICE OPTIONS *continued*

2.5.22 Incentive Plan

Incentive Plan is a long distance service which provides Customers with single per minute rates for both their inbound (8XX) and outbound (1+) switched and dedicated access usage.

Incentive plan switched and dedicated calls are non-distance sensitive, usage based, and flat rated.

The Customer's total intrastate monthly usage of Incentive Plan (switched, dedicated) service is charged at the applicable per minute rates set forth in the Flexible Rate Schedule following. Incentive Plan switched inbound (8XX) and outbound (1+) calls are billed in six-second increments with a thirty-second minimum for each call. Incentive Plan dedicated inbound (8XX) and outbound (1+) calls are billed in six-second increments with an eighteen-second minimum for each call. Any fraction of an increment is rounded up to the next whole increment.

Incentive Plan Customers may subscribe to either a month-to-month, one-year or two-year term plan. A per minute base rate set forth in the Flexible Rate Schedule following, is applicable to the inbound (8XX) and outbound (1+) switched and dedicated service plans. There are Minimum Monthly Usage Levels (MMUL) for each (switched, dedicated) term plan options, as set forth in the Flexible Rate Schedule following. Beginning with the Customer's second invoice, and for the remaining months of any term plan commitment, the Customer will be charged the difference between the gross account usage and the MMUL if the gross usage is less than the MMUL. The MMULs and applicable discounted per minute usage rates are set forth in the Flexible Rate Schedule following.
