11.A.5 REGULATIONS

- A. Unless specifically exempted, ADS shall be subject to all general regulations applicable to the provision of service by the Company as stated in this tariff.
- B. ADS is provided at the option of the Company. This service is furnished subject to central office switching capacity, capability, the availability of outside plant facilities, and the necessary billing capabilities.
 - 1. The availability, functionality, and capabilities of ADS may vary, or may not be available, dependent upon the type of serving central office switch, related software controlling that switch, hardware, and associated outside plant.
 - a. Where facilities are not available, or unusual expenditures are involved in making them available, the customer may be required to pay additional charges to cover the unusual expenditure, or to contract for services beyond the normal service term, or both. (These rates and charges will be determined on an individual case basis.)
 - b. Distance Extension Service: ADS may be provided to a customer's location served beyond the normal transmission range of the serving central office. In such cases, in addition to the charges and rates for ADS, Distance Extension Service rates and charges as stated in Section 11.A.6 are applicable.
- C. The minimum charge period for the payment of services provided under this tariff is one month.
- D. At the Company's discretion, the following nonrecurring service connection charges may be reduced or waived during promotional campaigns and/or as a part of customer negotiations:
 - 1. Nonrecurring per B Channel and/or per D Channel service connection charge.
 - 2. Nonrecurring EKTS service connection charges.
- E. Directory Listings: One directory listing is provided without charge for each ADS customer. For Centrex customers, one directory listing (either an analog or ADS number) is provided per Centrex system. Additional listings may be provided as specified in Section 7.A.5 of this tariff.
