\* Dial type telephone communication denotes a call dialed and completed by the customer from a residence or business land wire telephone without the assistance of a Telephone Company operator. The services of a Telephone Company operator will not be used in connection with completing a call, or in furnishing any assistance relating to billing or charges for such call, except that a Telephone Company operator will:

- reestablish a call which has been interrupted after the called number has been reached, or
- reach the called telephone number where facilities are not available for customer dial completion or
- establish calls for handicapped persons who have been accorded "dial operator" privileges.

\*\* For the added charge for station-to-station sent-paid calls from coin telephones, see D.4.d(2) following.

# The Surcharge for State Gross Income and Earnings Taxes applies to these rates.  
See Section 10 of this tariff.
