SECTION 2 - GENERAL RULES AND REGULATIONS

M. TELECOMMUNICATIONS SERVICE PRIORITY (Cont'd)

4. Rules and Regulations (Cont'd)

- d. The Company may verify provisioning priority assignments with the TSP Program Office. However, the Company may not delay provisioning of an Emergency TSP service for verification purposes.
- e. In obtaining TSP, the customer authorizes the Company to provide certain customer record information to the TSP Program Office to maintain and administer the TSP System. This customer information will include only the customer's name, TSP authorization code, Company Circuit ID, customer telephone number and customer mailing address.

5. Rates

- a. In the event that the Company must utilize additional labor outside of normal business hours in the provisioning or restoration of a service, additional labor charges may apply. Such charges will be based on cost and billed to the customer. The Company will attempt to inform the customer of approximately how much these charges will be in advance.
- b. A Service Order Charge applies when TSP requests/changes are made to a customer's record after a service has been connected. In addition, a one time charge, based on cost, for the initial establishment of TSP status in Company records will be billed to the customer.
- c. In subscribing to TSP, the customer recognizes that quoting charges and obtaining customer permission to proceed with service installation or restoration would delay the installation or restoration process and grants the Company the right to assess additional charges, when applicable, after the installation or restoration has been completed. When possible, the Company will attempt to provide an estimate to the customer of the additional charges in advance of the work.
- d. Facilities required by the Company for the provisioning, restoration, or maintenance are exempt from the TSP rules.
