SECTION 1 - EXPLANATION OF TERMS

Leased Line

A circuit, not connected to the general telephone exchange system, which makes use of the same wire facilities as the usual type of telephone circuit, and is equipped with instruments other than telephone or telegraph instruments, telephone typewriter equipment, or program transmission equipment. Leased line equipment may or may not be furnished by the subscriber, but it must, in each case, be approved by the Telephone Company.

Listing

The name, address and call number by which a subscriber is known, or under which a business is being conducted, contained in the Telephone Company's information records or directories.

Local Call

A call between telephones within a local calling area.

Local Calling Area

The area, consisting of one or more central office districts, within which a subscriber for exchange service may make telephone calls without a toll charge.

Local Message

The unit of charge for local calls.

Local Service

Telephone Exchange service within a local calling area.

Locality Rate

A uniform rate for local service within an area outside the base rate area.

Message Rate Service

The type of exchange service provided at a monthly rate with an additional charge for each local message used in excess of a specified allowance.
