SECTION 6 - MISCELLANEOUS SERVICES

M. UNIVERSAL EMERGENCY SERVICE NUMBER - "9-1-1"

1. GENERAL

Wherever appropriate equipment and facilities are available, the Telephone Company will provide universal Central Office number "9-1-1" for the use of a Public Safety Answering Point engaged in assisting a Public Agency in the protection of the safety and/or property of the general public. It is intended that the use of the "9-1-1" telephone number will provide the public with rapid and direct telephone access to a Public Safety Answering Point.

2. GLOSSARY OF TERMS

ANI/ALI Controller - Interface equipment connecting Public Safety Answering Point Terminal Equipment with "E-9-1-1" lines from a control central office.

Automatic Location Identification - Interactive Retrieval System - stores ALI data base information and provides the Public Safety Answering Point (PSAP) equipment with the means to query and retrieve ALI information from the ALI data base.

Control Central Office - a telephone company designated switching unit equipped to perform the routing of "E-9-1-1" calls and to terminate "E-9-1-1" dedicated lines from a central office and/or a Public Safety Answering Point.

Dedicated Line - a communication path connecting a Public Safety Answering Point to one or more locations through other than Exchange Access Lines. This includes private lines, tie lines, and on-premises channels.

Dial Line - a communication path connecting a Public Safety Answering Point to various other points by dialing a numeric code or codes. This includes Exchange Access Lines, Private Branch Exchange Lines, Centrex Lines, and Intercommunications Lines.

Emergency Services - those services, including but not limited to fire fighting, law enforcement, ambulance and medical, provided for the protection and/or preservation of person and/or property in circumstance of immediate and significant threat of injury or harm.

Local Government - any political subdivision or any combination or group thereof, within the State of New York.

Non-Switched Call - a telephone call carried over exchange facilities from the calling party (originating station) to the called party (terminating station) via a directly routed circuit.

Originating Central Office - a Telephone Company designated switching unit used for the provisioning of exchange service, from which "E-9-1-1" calls are routed to a control central office.
