## **GENERAL INFORMATION**

### **PART II - RULES AND REGULATIONS**

#### **9. EXTENSION AND MAINTENANCE OF DISTRIBUTION PROVIDER FACILITIES (Cont'd)**

##### **E. DELAYED USE OF FACILITIES**

Whenever, at the request of the Distribution Customer, a service pipe is provided through which service is not immediately desired, said Distribution Customer shall bear the entire reasonable expense of providing, placing and constructing the service pipe and accessories, but he shall be entitled to a refund whenever gas service is begun for such part of the expense as the Distribution Provider is hereinbefore required to assume. Such refund shall be the cost of said service pipe and accessories, less depreciation at the rate of 3 percent per annum for the period which said pipe has been in the ground.

##### **F. INTERCONNECTION**

The Distribution Provider will permit a Distribution Customer's Retail Customer to interconnect a source of natural gas to the Retail Customer's fuel lines which are interconnected with, and supplied by, the Distribution Provider's distribution system providing said Retail Customer shall execute an agreement with the Distribution Provider which sets forth the conditions under which the inter-connection will be permitted. The agreement shall include, but not be limited to, the following:

- 1) The Retail Customer shall be responsible for the installation and maintenance at the Retail Customer's expense of the three-way valve approved by the Distribution Provider at the point of interconnection, operable in only two positions.
  - a) Flow-through of gas solely from the Distribution Provider's system to the Retail Customer's fuel lines; or
  - b) Flow-through of gas solely from the Retail Customer's supply lines to the Retail Customer's fuel lines.
