## SCHEDULE B

### STREET LIGHTING SERVICE

#### SPECIAL PROVISIONS (Cont'd):

##### Service Classification No. 1 - Street Lighting (Contd.)

- 7. New Lamp Installations:** The Distribution Customer shall promptly notify the Distribution Provider of all subsequent lamp installations, removals or replacements. Within thirty (30) days thereafter the Distribution Customer shall provide a revised map for the applicable area. Such map shall include the location, date of installation, removals or replacements, and the number, type, size, and burning hours of lamps. Such notification shall not apply to replacement of lamps with lamps of like type, size and burning hours.
- 8. Ownership Identification:** The Distribution Customer shall provide ownership identification of its Retail Customer's equipment which is visible from the ground. In addition, the Distribution Customer shall identify lamp-fixtures in accordance with the latest NEMA Standards for high intensity discharge lamps and luminaries. (NEMA Publication No. OD 150-1977 and subsequent revisions).
- 9. Relocation of Distribution or Retail Customer- Owned Facilities on Distribution Provider Owned Poles:** Upon 30 days' written notice from the Distribution Provider or joint-owner (except that where such 30 day notice is not possible as much notice as is possible will be given), the Distribution Customer shall, at no expense to the Distribution Provider, relocate or replace the Distribution Customer or Retail Customer facilities on Distribution Provider-owned or jointly-owned poles, or transfer them to substituted poles, or perform any other work in connection with such facilities that may be required by the Distribution Provider or joint-owner in the maintenance, replacement, removal or relocation of such poles. In cases of emergency, the Distribution Provider or joint-owner may relocate, replace, remove or transfer the Distribution Customer or Retail Customer facilities and the Distribution Customer shall reimburse the Distribution Provider or joint-owner for the costs and expenses incurred. Notwithstanding the foregoing, the Distribution Provider will endeavor to advise the Distribution Customer of substantial projects as far in advance as possible.
- 10. Removal of Distribution or Retail Customer-Owned Facilities:** The applicable Distribution Customer or Retail Customer facilities shall be disconnected by the Distribution Provider and physically removed by the Distribution Customer or Retail Customer within thirty (30) days of termination of all or any part of the service being rendered under this Service Classification.

The Distribution Customer or Retail Customer shall remove its equipment from Distribution Provider-owned facilities when the Distribution Provider no longer requires the facilities for its own use, or the Retail Customer may purchase such facilities as it requires. Such purchase shall be in accordance with Special Provision 3.C of Service Classification No. 1 of the Company's Schedule for Electric Service Street Lighting, PSC No. 18 - Electricity. When the facilities to which the Distribution or Retail Customer equipment is attached are jointly owned, and the Distribution Provider no longer requires the facilities for its own use, the Distribution or Retail Customer shall make arrangements with the joint-owner for continued use of such facilities.
