

PSC NO: 4 TELEPHONE
SBC Telecom, Inc.
Initial Effective Date: May 18, 2003

Leaf: 140
Revision: 0
Superseding Revision:

- (B) End of Term Pricing Plan - Upon expiration of the twelve (12) month, thirty-six (36) month or sixty (60) month initial or renewal term plan the Customer may:
1. Continue service by selecting a thirty-six (36) or sixty (60) month renewal service term at the then current rate; or
 2. Disconnect Service upon expiration of the billing period; or
 3. If the Customer does not select either (1) or (2) above; service will be continued on a month-to-month basis at the current one-year rate.
- (C) Modifying Term Pricing Plans - Term pricing plans can be modified when additional like-speed Frame Relay Service circuits are purchased. The Customer may include the additional circuits in an existing Term Pricing Plan if the Customer renegotiates the Term Pricing Plan for a period equal to or greater than the time remaining on the existing Term Pricing Plan.
- (D) Converting Term Pricing Plans to Longer Term Plans – Term Pricing Plans can be converted to a longer term if there is at least one month remaining on an existing 36 month, Term Pricing Plan. The Customer may convert to a 60 month Term Pricing Plan without termination liability. At the time the Customer places an order to convert its Term Pricing Plan, the Customer may retain the Frame Relay Service circuits for the period remaining on the 60 month Term Pricing Plan. Any reduced rates shall apply only from the date the order is accepted by the Company and no retroactive Term Pricing Plan discounts will apply.
