Regular Hours	55/hour	120/hour
After Hours	69/hour	150/hour

(H) Modification of Service

Modification of Service is a change to existing Service which does not result in a change in the physical point of termination at the Customer's Premises. Upon Modification of Service, all Frame Relay Service rate element terms and conditions apply, including the applicable recurring and Non Recurring Charges as set forth under the minimum billing period or Term Pricing Plan as the existing Frame Relay Service being modified. The Customer may request modification of Frame Relay provided the service end points remain the same and provided there are existing facilities and equipment in place to provision the requested modification.
