

PSC NO: 4 TELEPHONE
SBC Telecom, Inc.
Initial Effective Date: May 18, 2003

Leaf: 129
Revision: 0
Superseding Revision:

(B) Modifying Term Pricing Plans

The customer may include additional circuits in an existing Term Pricing Plan if the Customer renegotiates its Term Pricing Plan for a period of time equal to or greater than the time remaining on the existing Term Pricing Plan.

(C) Payment of nonrecurring installation charges

Before service is established, the Customer may request the ability to spread all the Non Recurring Charges (including the installation charges associated with optional features) and/or special construction charges over a period that coincides with the Term Pricing Plan. The Customer cannot change the term of the Deferred Payment Arrangement. The Deferred Payment Arrangement monthly charge will equal the service connection charges, installation charges and/or special construction charges multiplied by the appropriate annuity factor show below:

	<u>Payment Term (in months)</u>		
	<u>12</u>	<u>36</u>	<u>60</u>
Annuity Factor	.0875	.0316	.0208

Upon 30 days prior notification to the Company, the Customer may terminate the Deferred Payment Arrangement by paying the remaining principal in full. No credit will be made for interest already accrued. If Service is discontinued, the Customer will be charged the remaining principal balance of the Non-Recurring Charges plus applicable termination liability charges.
