## A. DISCONTINUANCE OF SERVICE DUE TO DEFAULT (Cont'd)

## (12) Reconnection of Service (Cont'd)

- (c) The Company will reconnect service to any Customer that was suspended as a result of a Supplier-initiated request for suspension for non-payment of commodity service upon the expiration of one year after termination of commodity service by the Supplier. See Section 5.N. of this Schedule, Supplier-Initiated Suspension of Service.
- (d) The Company shall reconnect service, unless prevented by circumstances beyond its control or where a customer requests otherwise, to any disconnected customer not more than 24 hours after the above conditions of this rule have been satisfied. - (e) A reconnection charge shown in the Special Services Statement shall apply when (1) the conditions set forth above have been satisfied, or (2) the suspension of delivery service was at the request of an ESCO, as described in Section 5.N. of this Schedule, Supplier-Initiated Suspension of Service; and the Customer requests restoration of service during or after normal business hours.
- (f) The Customer, or person who controls access to the meter, shall be responsible for the payment of any charges associated with a court action to gain access to and remove a meter(s) and discontinue service. Such charges shall not exceed 150% of the previous calendar year's average cost per incident.
