

SECTION 2 - REGULATIONS (Cont'd)

2.4 Customer Equipment and Channels (Cont'd)

2.4.3 Interconnection of Facilities

- A.** Any special interface equipment necessary to achieve compatibility between the facilities and equipment of the Company used for furnishing Communication Services and the channels, facilities, or equipment of others shall be provided at the Customer's expense.
- B.** Communications Service may be connected to the services of facilities of other communications carriers only when authorized by, and in accordance with, the terms and conditions of the tariffs of the other communications carriers that are applicable to such connections.
- C.** Facilities furnished under this tariff may be connected to Customer-provided terminal equipment in accordance with the provisions of this tariff. All such terminal equipment shall be registered by the Federal Communications Commission pursuant to Part 68 of Title 47, Code of Federal Regulations; and all User-provided wiring shall be installed and maintained in compliance with those regulations.
- D.** Users may interconnect communications facilities that are used in whole or in part of interstate communications to services provided under this tariff only to the extent that the user is an "End User" as defined in Section 69.2(m), Code of Federal Regulations (1992 edition).
