

PSC NO. 4 GAS LEAF: 153
ORANGE AND ROCKLAND UTILITIES, INC. REVISION: 6
INITIAL EFFECTIVE DATE: May 1, 2004 SUPERSEDING REVISION: 4
Issued under authority of Order of the Public Service Commission dated April
16, 2004 in Case No. 02-G-1553

SERVICE CLASSIFICATION NO. 11 (Cont'd.)

CAPACITY OPTIONS FOR SELLERS: (Cont'd)

Capacity Option A - Capacity Released by the Company (Cont'd)

For the purposes of this provision and the Rollover and Cash-Out provisions set forth under the Balancing Service Option and the Winter Bundled Sales Service Option of this Service Classification, such WACOT shall be adjusted to reduce the TransCanada demand charges to the extent necessary to result in comparability between Canadian and domestic commodity costs (for purposes of this Service Classification "Adjusted WACOT"). If the Seller pays the pipeline for the capacity released at a reservation rate higher than the Company's Adjusted WACOT, the Seller will receive a credit on the customer's behalf for the difference between the rate the Seller paid the pipeline and the Company's Adjusted WACOT multiplied by the quantity of released capacity. If the Seller pays the pipeline at a reservation rate that is lower than the Company's Adjusted WACOT, the Seller will pay a charge on the customer's behalf for the difference between the rate the Seller paid the pipeline and the Company's Adjusted WACOT multiplied by the quantity of released capacity. The Company's Adjusted WACOT shall be revised periodically to reflect the Company's current costs of firm pipeline capacity. Such Adjusted WACOT is shown on the "Statement of Rates to Qualified Sellers and Firm Transporters of Gas".

The capacity released to the Seller will be recalled by the Company if: (1) the MAX ADCQ applicable to firm customers served by the Seller behind the Company's citygate decreases; (2) the Seller fails to comply with the terms and conditions of this Rate Schedule, and/or the Company's Gas Transportation Operating Procedures; or (3) the Seller fails to comply with an interstate pipeline company's capacity release provisions. The Company may also recall capacity in the event of non-performance by Seller as specified in Special Provision B below.

The Seller shall indemnify the Company from all losses and damages resulting from the actions or inactions of the Seller under the Capacity Release Service Agreement with the Company and the pipeline service agreement(s). The Seller, acting as the customer's agent, shall also warrant title to the gas transported under these agreements.
