III. Metering, Billing, Discontinuance of Service and Complaints: (Cont'd)

I. No Access Procedure - Non-residential Customers: (Cont'd)

- c. The third and each successive notice shall advise the access controller of the no access charge that has been added to the access controller's bill and, if the access controller's service can be terminated without obtaining access, shall be accompanied by a final notice of termination or non-access. In any case where the access controller's service cannot be physically terminated without obtaining access, the notice shall advise the access controller that the company is seeking to obtain a court order to gain access to the customer's meter.
4. The no access charge shall not exceed \$100.
5. No more than \$100 per building or premises shall be added to any single bill of the access controller even though more than one meter is located there.
6. The company may, at its discretion, suspend temporarily the issuance of no access notices and/or penalties under this subdivision if the access controller contacts the company and provides a legitimate reason for postponing the provision of access; provided, however, that such suspension may not exceed 90 calendar days.
