###### 7. Partial Requirements Customers

The company, at this time, has the option of allowing eligible retail customers to select more than one Marketer at a time per customer account, except that customers currently with more than one Marketer may continue that practice. Eligible customers who have a designated portion of their load supplied by the company, at an economic development discount or any other discount authorized by tariff, regulation or law, with the remaining portion of their load provided at the company applicable tariff provisions, will be permitted retail access for the portion of their load served at the applicable tariff rates. Also, unless prohibited by a prior settlement agreement, retail customers that receive an economic development discount for all their standard load may continue to receive a discount and take retail access unless the discount was specified as a result of rate design differences. Retail customers with discounts on delivery services will not be required to forego such discounts to participate in retail access for the commodity portion of their service.

###### 8. Billing Agency Arrangements

- a. Marketers and the company may elect to offer customers a "Billing Agency" arrangement in which the customer will authorize a Marketer to act as a Billing Agent, hereafter Marketer/Billing Agent, to receive the customer's bills from the company, consolidate them with the Marketer's/Billing Agent's charges, rebill the entire amount to the customer, receive payments from the customer and then remit payments to the company for its services, with the balance being retained by or transmitted to the Marketer. The customer must choose the Billing Agency arrangement before it may be used as the mechanism to bill the customer. If the Marketer/Billing Agent and the customer use such an arrangement, the Marketer/Billing Agent must comply with the conditions listed below.
