GENERAL INFORMATION

16. Customer Advantage Program - General Retail Access: (Cont'd.)

D. Eligible Customer Participation: (Cont'd.)

7. Metering:

- (a) The metering requirements set forth in NYSEG's Tariff, P.S.C. No. 119 - Electricity, General Information Section 3 - Service Connections, apply here. Eligible Customers will continue to use existing meters.
- (b) An Eligible Customer that does not take service under an economic incentive provision that requests a meter other than that provided by the Corporation, commensurate with the Eligible Customer's Service Classification, is subject to the additional requirements set forth in the above referenced tariff. Meter upgrades, subject to the availability of equipment, will be installed and operated by NYSEG at the Eligible Customer's expense.
- (c) NYSEG will continue to own, install, maintain, and read Eligible Customers' meters used for billing purposes, with the exception of large commercial and industrial time-of-use customers who have the option of owning a Commission-approved meter as set forth in P.S.C. No. 119, with NYSEG retaining sole control of that meter.

Eligible large commercial and industrial time-of-use customers, or their designees, shall be allowed to receive meter data on a real-time or other basis, without incurring a fee, provided that such customers install and maintain, at their own expense, the necessary ancillary equipment required to receive such data. Such access may require the installation by NYSEG of a different type of meter/recorder that will allow multiple access, with the cost responsibility of such meter/recorder and installation to be borne by the customer and with NYSEG retaining sole control of the meter and responsibility for the installation and maintenance of the meter and compliance with applicable Commission regulations.

Issued in compliance with orders in Case 98-M-1343 dated 11/21/2003 and Cases 99-M-0631 and 03-M-0117 dated 12/19/2003.
