

NY PSC Tariff No. 7 – TELEPHONE
PAETEC Communications, Inc.
Initial Effective Date: 02/22/2004

Section : 2 Leaf: 22
Revision: 0

SECTION 2 – RULES AND REGULATIONS (Cont'd)

2.11 OBLIGATIONS OF THE CUSTOMER (Cont'd)

2.11.7 Jurisdictional Reports (Cont'd)

received no later than the 20th of each month. Reports will be used on a go-forward basis, and will be in effect until the Customer submits a revised report. Customers beginning service in the middle of a quarter may submit a jurisdictional report at the onset of service.

In the absence of a Customer-or ONP provided percent interstate use or percent local use, the following percentages will be used:

800 traffic:	100% PIU
900 traffic:	100% PIU
700 traffic:	100% PIU
Local traffic:	0% PIU, 0% PLU
ISP traffic:	0% PIU, 0% PLU
All other:	percent determined by measurable network usage.

No pro-rating or back-billing will be done based on the report. The Company may require call detail records to substantiate projected interstate usage provided to the Company. In the event that the required jurisdictional report is not provided, the Company recorded or estimated percentage of interstate usage will be applied to the bill.

The Company reserves the right to verify the percents on the jurisdictional reports by examination of the underlying data. The Company will submit a request for verification in writing to the Customer or ONP. Such a request will occur no more than once a year. Once the request is received, the Customer will have 30 days to supply or otherwise make available the data to the Company.

The Company may request this detailed information annually. If the audit results represent a substantial deviation from the Customer's or ONP's previously reported PIU/PLU for the period upon which the audit was based, the call detail records may be requested more than once annually.

Issued By: Richard E. Ottalagana, Executive Vice President, Fairport, New York
