GENERAL INFORMATION

16. General Retail Access: (Cont'd.)

A. Introduction: (Cont'd.)

2. Because the New York Independent System Operator ("NYISO") commenced operations on November 18, 1999 pursuant to a FERC-approved NYISO Tariff and related agreements ("NYISO Tariff"), all transmission service within New York State is obtained through the NYISO pursuant to the NYISO Tariffs. This General Retail Access tariff may be revised, modified, clarified, supplemented, amended or superseded as may be necessary as a result of the NYISO Tariffs. NYSEG may seek to revise the terms and conditions of the tariff, the Supplier Manual and the Operating Agreement (including any pricing terms) as necessary to comply with the requirements of the NYISO Tariffs.
