

PSC No: 120 - Electricity  
New York State Electric and Gas Corporation  
Initial Effective Date: December 1, 2003

Leaf No. 143  
Revision: 0  
Superseding Revision:

SERVICE CLASSIFICATION NO. 2 (Continued)

SPECIAL PROVISIONS: (Cont'd)

(g) Complementary E.T.S. Service:

This service is available for customers with common areas pertaining to individually metered multiple dwelling units taking individually metered residential service under this Schedule and utilizing Electric Thermal Storage (E.T.S.) installations as the principal space-conditioning medium. This service will be billed under Service Classification No. 9 of this Schedule. However, the 5 kW metered demand and 2000 kWh monthly use limitations from the "Applicable to the Use of Service For" section will be waived, as long as the total metered demand requirements will not exceed 25 kW, in order to allow annual complementary E.T.S. space-conditioning and other electric service in the common areas of such multiple dwellings.

(h) Time-Of-Use Service Option:

Non-residential customers who qualify for service under S.C. No. 2 may voluntarily opt for Time-of-Use service under Service Classification No. 7 (Secondary Service). A customer who chooses to transfer to Service Classification No. 7 must initially remain on that rate for a minimum of 6 months prior to becoming eligible for a one-time return to Service Classification No. 2. This Special Provision is not available to Service Classification No. 2 customers, effective December 3, 2002.
