New York State Electric and Gas Corporation  
Initial Effective Date: December 1, 2003

Leaf No. 280  
Revision: 0  
Superseding Revision:

SERVICE CLASSIFICATION NO. 10 (Continued)

TERMS OF PAYMENT:

All bills are rendered at the above "unit prices" and that amount is due on bills paid on or before the "past due" date indicated on the bill. A late payment charge at the rate of one and one-half percent (1 1/2%) per month will be billed on all amounts not paid by that date. (Further details in Section 4 of P.S.C. No. 119 - Electricity or superseding issues thereof.)

TERM:

One year and thereafter until terminated by 48 hours' written notice. A customer resuming service within one year will be reassigned the same contract demand.

SPECIAL PROVISIONS:

- A. The customer and the Corporation shall agree as to the operating mode, interconnection and equipment specifications as set forth in "Requirements for the Installation of Electric Services and Meters" (superseding "Specifications for Electric Installations") and the Corporation's requirements for parallel operation of on-site non-utility generation as on file with the Public Service Commission. The Commission may review the specifications and arbitrate, if a dispute should arise.
- B. The Corporation will be relieved of its obligation to purchase energy during any period in which the Corporation suffers a System Emergency. In such circumstances, the Corporation will notify the customer to cease supplying energy to the Corporation. For purposes of this Provision, a System Emergency is defined as a condition which is imminently likely to endanger life or property or result in significant disruption of service to any customer.
- C. Service under this Special Provision will no longer be available to new customers after July 5, 1989.) A customer with a Secondary Voltage, Single Phase generating facility, with a nameplate capacity rating of 15 kW or less and choosing to sell all or any excess energy to the Corporation without time differentiation may operate under the terms of the Corporation's "Alternate Generation Agreement" applicable to such facilities which is on file with the Public Service Commission. Instead of the energy charge under the "Rate to Be Paid By the Corporation" customers will receive payment of \$.02447 per kilowatt-hour, for the energy sold during all hours. Under this provision the Meter Charge or Customer Charge will be \$3.00 or \$4.50 per month, respectively, instead of such charges under the "Rate to Be Paid By the Customer".
