   2.5.37 Frontier TravelCard

            TravelCard is a personal communication service that allows the caller to dial a
            TravelCard 800 telephone number and enter a four-digit personal identification routing
            number (PIRN) to complete a call. TravelCard service is only available in conjunction with
            Carrier's interstate TravelCard service offering. This calling card service can be ordered
            independently or in conjunction with other Carrier services.

            As a PIRN-based product that can be shared among customers, customers are not
            granted exclusive use of the 800 number used for accessing the TravelCard service and
            thus, may not continue to use the 800 telephone number upon cancellation of their
            service.

            To use TravelCard service, the caller dials the 800 telephone number for the TravelCard
            service. The caller may then (1) enter a PIRN which routes the call to a customer pre-
            designed telephone number (PIRN CALL); or (2) enter a PIRN which permits the
            customer to then direct dial a telephone number (DIAL TONE PIRN). Certain PIRNs are
            reserved for use by the Carrier under TravelCard Service or are used for accessing other
            services.

            A.   Rate Structure

                    The customer's total monthly usage of TravelCard Service is charged at the
                    applicable rates per minute as set forth in this tariff, is not distance sensitive,   (T)
                    and rates vary by length of contract. TravelCard calls are billed in six (6)
                    second increments with a thirty (30) second minimum for each call. Any
                    fraction of an increment is rounded up to the next whole increment. Operator
                    assisted calls and calls made to directory assistance are charged on a per
                    call basis as set forth in this tariff.
