SECTION II - SERVICE DESCRIPTIONS *continued*

2.5 SERVICE OPTIONS *continued*

2.5.31 Local Rates

- A. Banding shall be consistent with the classification of the local exchange telephone company serving the customer.
- B. Initial Period
 - Band A Timed 5 Minutes
 - Band B - F 1 Minute
- C. The rates set forth this tariff shall be increased by the amount of the Federal (T) Transfer Surcharge established for New York Telephone Company by the Public Service Commission from time to time.

2.5.32 Commercial Service

Commercial Service is a long distance business communications service targeted to business users. Commercial Service gives business customers the capability to originate and terminate IntraLATA and Intrastate calls within the state of New York. A customer may presubscribe to the Company's service to originate calls on a direct dialed basis, or may access the Company's switched network on an ad hoc basis by dialing the Company's Carrier Identification Code. Commercial Service includes 1+ Switched Access, 800, Private Line, and Calling Card Card services.

A. Business 1+ Switched Access Service

1+ Switched Access Service gives Customers the capability to originate and terminate IntraLATA and Intrastate calls.

B. Business 800 Service

Business 800 Service is an inbound toll free service that is ordered and billed to the Customer receiving the call. A Customer may be assigned one or multiple 800 numbers that allow the Customer's end users to place a call to the Customer free of charge.
