2.5.30 EZ Plan II

EZ Plan II is a long distance switched service which provides customers with single per minute rates for both their inbound (8XX) and outbound (1+) access usage.

EZ Plan II inbound and outbound calls are non-distance sensitive, usage based, and flat rated.

The applicable per minute rates are set forth in this tariff, and vary based on the EZ Plan II service plan selected. EZ Plan II inbound and outbound calls are billed in six second increments with a thirty second minimum for each call. Any fraction of an increment is rounded up to the next whole increment. (T)

Customers may subscribe to EZ Plan II service on a month-to-month basis, or subscribe to either a fifteen (15) or thirty (30) month term agreement. A Minimum Monthly Usage Level (MMUL) is required with each service plan offered. Beginning with the customer's second invoice, and for the remaining months of any service plan, the customer will be charged the difference between the gross account usage and the MMUL if the gross account usage is less than the MMUL. The MMUL and applicable per minute rates are set forth in this tariff. (T)

EZ Plan II fifteen (15) and thirty (30) month term plans will automatically renew for successive fifteen (15) month periods unless the customer notifies the Carrier in writing of their intention to terminate the agreement at the completion of their current term plan. The Carrier will notify the customer at least 60 days prior to the end of their current term plan that the end of the term is approaching. Customers electing to continue to receive EZ Plan II service without renewing their current term will automatically revert to the current tariffed month-to-month rate. A monthly termination fee, equal to the MMUL of the term plan that the EZ Plan II customer is subscribing to, will be assessed for each month of the remaining months in the term commitment when an EZ Plan II customer terminates service prior to the completion of the full term of service.
