## GENERAL INFORMATION

### PART II RULES AND REGULATIONS

#### 1. DEFINITIONS AND ABBREVIATIONS

**Cease to Energize:** Electrically disconnected from a source of potential difference or electrically discharged so as not to have a potential difference significantly different from that of earth in the vicinity.

**Combination Account:** A common account for both gas and electric service for the purpose of combined gas and electric billing by the Company. A Combination Account is served under P.S.C. No. 16 - Gas and under this Schedule.

**Combination Account:** A common account for both gas and electric service for the purpose of combined gas and electric billing by the Company. A Combination Account is served under P.S.C. No. 16 - Gas and under this Schedule.

**Commission or PSC:** Public Service Commission of the State of New York, or any successor agency thereto.

**Compatible Meter:** A meter suitable for the Company's metering, meter reading, and electrical infrastructure, as determined by the Company.

**Company:** Rochester Gas and Electric Corporation

**Control Area:** In this Tariff, the Control Area is the Company's electric franchise area, as shown in Part I. More generally, a Control Area is an electric power system or combination of electric power systems to which a common automatic generation control scheme is applied in order to: 1) match, at all times, the power output of the generators within the electric power system(s) and capacity and energy purchased from entities outside the electric power system(s), with the load within the electric power system(s); 2) maintain scheduled interchange with other Control Areas, within the limits of Good Utility Practice; 3) maintain the frequency of the electric power system(s) within reasonable limits in accordance with Good Utility Practice; and 4) provide sufficient generating capacity to maintain operating reserves in accordance with Good Utility Practice.

**Costs and Expenses:** An estimate based on the Company's (a) average hourly labor rates including a percentage for employee welfare costs, supervision, engineering, and administrative and general expenses, plus (b) hourly rates for transportation and special equipment, plus (c) material costs including stores expense, plus (d), cost of any required permits.

**Cramming:** The addition of unauthorized charges to a customer's bill.

**Curtail:** To reduce Distribution Service or Energy, Capacity, and/or Ancillary Service transactions.

**Customer:**

A Residential Customer is a person who is receiving service at a dwelling for his or her own residential use or the residential use by another person. For purposes of the Home Energy Fair Practices Act (HEFPA), a residential customer includes any person who is supplied service at a premises used in whole or in part as his or her residence, as defined in 16 NYCRR 11.2(a)(2).

A Nonresidential Customer is a person, corporation or other entity receiving service who is not a residential customer as defined in 16 NYCRR 11.
