

PSC No: 120 - Electricity
New York State Electric & Gas Corporation
Initial Effective Date: October 30, 2005

Leaf No. 33.1
Revision: 1
Superseding Revision: 0

GENERAL INFORMATION

12. Customer Advantage Program: (Cont'd.)

E. Default Process at the Close of the Enrollment Period: (Cont'd.)

3. Temporary Rate Assignment Prior to Retail Access Effective Start or End Date: (Cont'd.)

(d) EPO to FPO:

An ESCO Price Option (EPO) customer, whose supplier dropped the customer from Retail Access prior to January 1 of the first year of the Commodity Option Period, but whose ending (scheduled or Special) Meter Reading date (effective date) will not occur until after January 1 of the first year of the Commodity Option Period, and such customer has notified NYSEG of their NYSEG Fixed Price Option (FPO) selection by the last business day of the Enrollment Period, will be billed at the ESCO Price Option (EPO) from January 1 of the Commodity Option Period until the customer's first meter reading date. After that meter read, usage will be billed at the NYSEG Fixed Price Option (FPO),

(e) EPO to VPO:

An ESCO Price Option (EPO) customer, whose supplier dropped the customer from Retail Access prior to January 1 of the first year of the Commodity Option Period, but whose ending (scheduled or Special) Meter Reading date (effective date) will not occur until after January 1 of the first year of the Commodity Option Period, and such customer has not notified NYSEG of a NYSEG Fixed Price Option (FPO) selection by the last business day of the Enrollment Period, will be billed at the ESCO Price Option (EPO) from January 1 of the Commodity Option Period until the customer's first meter reading date. After that meter read, usage will be billed at the NYSEG Variable Price Option (VPO),

(f) EOSA to VPO:

An ESCO Option with Supply Adjustment (EOSA) customer, whose supplier dropped the customer from Retail Access prior to January 1 of the first year of the Commodity Option Period, but whose ending (scheduled or Special) Meter Reading date (effective date) will not occur until after January 1 of the first year of the Commodity Option Period, and such customer has notified NYSEG of a NYSEG Variable Price Option (VPO) selection by the last business day of the Enrollment Period, will be billed at the ESCO Option with Supply Adjustment (EOSA) from January 1 of the Commodity Period until the customer's first meter reading date. After that meter read, usage will be billed at the NYSEG Variable Price Option (VPO),

(g) EOSA to FPO:

An ESCO Option with Supply Adjustment (EOSA) customer, whose supplier dropped the customer from Retail Access prior to January 1 of the first year of the Commodity Option Period, but whose ending (scheduled or Special) Meter Reading date (effective date) will not occur until after January 1 of the first year of the Commodity Option Period, will be billed at the ESCO Option with Supply Adjustment (EOSA) from January 1 of the Commodity Option Period until the customer's first meter reading date. After that meter read, usage will be billed at the NYSEG Fixed Price Option (FPO),
