

PSC No: 19 - Electricity
Rochester Gas and Electric Corporation
Initial Effective Date: August 29, 2005
Issued in compliance with order in Case 03-E-1761 issued and effective April 14, 2005

Leaf No. 223
Revision: 2
Superseding Revision: 1

SERVICE CLASSIFICATION NO. 11 (Cont'd)

PURPOSE:

This Service Classification is designed to attract business relocation or expansion to the Corporation's service territory by offering an Individual Electric Service, over a specified period, for new or additional load with a competitive viable alternative.

APPLICABLE TO THE USE OF SERVICE FOR:

Any new or existing Customer who meets all eligibility requirements stated below shall be eligible to take service in accordance with the rates, charges and provisions set forth under this Service Classification.

Requirements

- (1) Customer is eligible to take non-residential service under the Non-Retail Access Rate or the Retail Access Rate, and
- (2) Customer adds at least 50 kW of demand to the Corporation's system by (a) constructing a new facility; or (b) expanding an existing facility; or (c) adding facilities or equipment to an existing site; or (d) adding facilities (regardless of size) through the redevelopment of a vacant or inactive site, including land or buildings which have been previously developed and have been vacant or inactive for at least six months and which are proposed for reuse or redevelopment with the assistance of public financing; or (e) developing facilities or projects (regardless of size) which are located in area eligible to receive Urban Development Action Grants, and
- (3) Customer shall apply for service under this Service Classification prior to the addition of load as described in Requirement (2) above.

CHARACTER OF SERVICE

Alternating Current - 60 cycle, voltage and phase at the Corporation's option, as available and appropriate for the Customer's requirements, for new or additional load. The energy to be provided under this Service Classification will be determined by subtracting from the total metered energy a base amount to be determined using a historical period. The Corporation reserves the right to require submetering of the additional load.
