Rochester Gas and Electric Corporation  
Initial Effective Date: August 29, 2005  
Issued in compliance with order in Case 03-E-1761 issued and effective April 14, 2005

Leaf No. 216.2  
Revision: 0  
Superseding Revision:

**SERVICE CLASSIFICATION NO. 10 (Cont'd)**

**INDIVIDUAL ELECTRIC SERVICE AGREEMENT (Cont'd):**

a.1.b. If on-site generation is being favorably considered:

- i. A description of the proposed self generation/co-generation facility, including the facility's electric output, heat rate, and fuel consumption;
- ii. A breakdown of the estimated cost of the proposed facility;
- iii. A description of the intended operation of the proposed facility;
- iv. A detail of non-fuel operating costs, including, but not limited to, operating labor, general maintenance, overhaul maintenance, consumables and O&M contract services;
- v. A projection of annual electricity requirements and costs for Standby Service;
- vi. A description of the environmental impacts of the proposed facility; and
- vii. A Projected Cash Flow Analysis, detailing the financial data for the project life.

a.1.c. The Customer agrees to evaluate and assess in good faith the implementation of energy efficiency improvements in the Customer's facility. This assessment may be accomplished through recommendations from a comprehensive production analysis or energy audit performed for the facility.

- (E) The documentation, including the historic and projected future financial information, will demonstrate, in a form acceptable to the Corporation, the competitive alternatives and the pricing objective needed to retain the Customer. The pricing objective shall specify the relief from the otherwise applicable standard tariff rate that is necessary to retain the Customer's load, recognizing contributions towards achieving that objective from other economic development entities.
- (F) The documentation shall also demonstrate the Customer's participation in or efforts to participate in available State and/or local economic development programs as reviewed and attested to by the appropriate agency(ies) and Economic Development staff employed by the Corporation. To that end, the Corporation will coordinate a comprehensive program of development initiatives that are available and applicable from the private and/or public sector(s). Each Individual Electric Service Agreement will identify billing procedures provided under the Corporation's economic development tariff, contracts, and programs (including NYPA economic development programs) as appropriate.
