SPECIAL PROVISIONS:

1. Previous SC 11 Tariff

This provision is applicable to Individual Electric Service Agreements in effect prior to August 29, 2005.

ELIGIBILITY CRITERIA

Any new or existing Customer who meets all eligibility requirements stated below shall be eligible to take service in accordance with the rates, charges and provisions set forth under this Service Classification.

Requirements

- (1) Customer is eligible to take non-residential service under the Non-Retail Access Rate or the Retail Access Rate, and
- (2) Customer adds at least 50 kW of demand to the Corporation's system by (a) constructing a new facility; or (b) expanding an existing facility; or (c) adding facilities or equipment to an existing site; or (d) adding facilities (regardless of size) through the redevelopment of a vacant or inactive site, including land or buildings which have been previously developed and have been vacant or inactive for at least six months and which are proposed for reuse or redevelopment with the assistance of public financing; or (e) developing facilities or projects (regardless of size) which are located in area eligible to receive Urban Development Action Grants, and
- (3) Customer has a viable option to locate its facility or equipment outside the Rochester Gas and Electric service territory, and provides evidence to the Corporation's satisfaction of such an option, subject to an agreed-upon confidentiality agreement, and
- (4) Customer shall apply for service under this Service Classification prior to the addition of load as described in Requirement (2) above.

PRICING

The specific pricing for service under this Service Classification will normally be determined under Option A, described below. At the Corporation's option, the specific pricing may be determined under Option B.

Option A

The Customer will receive a discount of ten percent from the stated energy rates set forth under the Service Classification that would otherwise be applicable, for a period of five years from the date service commences.

or,

Option B

The specific pricing will be stated in an Individual Electric Service Agreement executed for each Customer. The charges contained in any Individual Electric Service Agreement shall be set at a level no lower than the incremental costs the Corporation incurs plus \$.01 per kWh. The specific charges for service under this Service Classification will be shown in the Individual Electric Service Agreement as stated below.

For contracts negotiated on or after the issuance of an order approving the Joint Proposal on Electric and Natural Gas Economic Development Incentive Programs in Cases 02-E-0198 and 02-G-0199, the minimum contribution to common costs will be equal to fifteen percent of the Customer's standard delivery rate, inclusive of the applicable standard non-bypassable charge (transition charge). The charges contained in any Individual Electric Service Agreement shall be set at a level no lower than the incremental costs the Corporation incurs plus this minimum contribution.
