(Q) Discontinuance and Suspension of Transportation Service to a Customer

A Marketer may not physically disconnect a Customer's gas service. Con Edison may disconnect service to a Customer in accordance with the provisions of the General Information Section of this Rate Schedule. At the request of a Marketer, Con Edison may suspend service to a residential Customer or a two-family dwelling receiving Marketer Consolidated Bills or to a multiple dwelling pursuant to the Home Energy Fair Practices Act (Public Service Law, Article 2) ("HEFPA"). However, the Marketer may not request service suspension in the condition where the Company is purchasing the Marketer's receivables.

By submitting a request for suspension of service to the Company in the authorized form, a Marketer represents that it has complied with all statutory and regulatory requirements for termination of supply service and suspension of transportation service. Suspension will end at the request of the Marketer that requested the suspension. However, if the Marketer has not requested an end to the suspension one year after it terminated supply service, the Company will restore delivery service at the Customer's request provided the Customer meets tariff and HEFPA requirements for service restoration.
