

SECTION 1—TECHNICAL TERMS AND ABBREVIATIONS

Authorization Code — A pre-defined series of numbers to be dialed by the Customer upon access to the Company's system to identify the caller and validate the caller's authorization to use the Service provided. Automatic number identification (ANI) is used as the Authorization Code wherever possible.

Department — Used throughout this tariff to mean the New York Department of Public Service.

Customer — The person, firm, corporation or other legal entity, which purchases a Prepaid Calling Card and/or originates prepaid calls using such cards, and is responsible for the payment of charges and for compliance with the Company's tariff regulations.

Company or CICI — Used throughout this tariff to mean CODETEL International Communications Incorporated, a Delaware corporation. (T)

Prepaid Account — An inventory of Telecom Units purchased in advance by the Customer, and associated with one and only one Authorization Code as contained in a specific Prepaid Calling Card.

Prepaid Calling Card — A card issued by the Company, containing an Authorization Code which identifies a specific Prepaid Account of Telecom Units, which enables calls to be processed, account activity to be logged, and balances to be maintained, on a prepayment basis.

Telecom Unit — A measurement of telecommunications service equivalent to one minute of usage between any two points within the State of New York.

Telecommunications — The transmission of voice communications or, subject to the transmission capabilities of the Service, the transmission of data, facsimile, signaling, metering, or other similar communications.

Underlying Carrier — The telecommunications carrier whose network facilities provide the technical capability and capacity necessary for the transmission and reception of the Customer's Telecommunications traffic.
