4. That portion of the service pipe without the limits of a street, avenue, road or way as hereinbefore defined or easement area shall be provided, placed, constructed and maintained by the property owner or the customer but in accordance with such reasonable specifications for the construction and maintenance thereof as may be filed in the tariff schedules of the Company.
5. Whenever, at the request of an owner or occupant, a service pipe is provided through which service is not immediately desired, said property owner or occupant shall bear the entire reasonable expense of providing, placing and constructing the service pipe and accessories, but he shall be entitled to a refund whenever water service is begun for such part of the expense as the Company is hereinbefore required to assume. However, replacement or reconstruction of mains and service pipes less than two inches in diameter in excess of 75 feet in length heretofore installed and privately owned, shall be governed by the provisions of paragraph IX A.3 hereof.
