### GENERAL INFORMATION

#### 6. METERING AND BILLING (Cont'd.)

##### 6.5 RENDERING OF BILLS (Cont'd.)

##### (2) Transportation Customer Billing Options (Cont'd.)

##### (B) Utility Single Billing Service

To be effective for the next bill issued to the customer, at least 15 calendar days prior to the first of the calendar month in which service is to be rendered, the Marketer will provide the Company a rate per ccf (\$/ccf) to be charged each of its customers for gas supply. Rates must include any applicable gross receipts taxes or other taxes imposed on the Marketer and not required by law to be separately stated. The Company will calculate and identify the sales and use taxes associated with Marketer charges in accordance with customer-specific tax status information provided by the Marketer and remit such amounts to the Marketer. The Marketer may charge a different price per ccf for each of its customers. The customer shall be billed one rate per billing cycle and such rate will be used for billing purposes for the next bill issued to the customer and every bill thereafter until changed by the Marketer.

##### Billing Cost:

The Company's charge for its billing service is \$0.62 per Utility Single Bill per monthly billing cycle. This same charge applies whether the Company issues a Utility Single Bill for gas only or both gas and electric services for a single Marketer. The Company will "net" or offset its remittance payments to the Marketer by the amounts due the Company for billing service charges due from the Marketer. If there is one Marketer for gas service and another Marketer for electric service on a dual service customer's account, the Company will charge each Marketer one-half of the applicable charge.

##### Billing Services Credit:

Customers will receive a monthly credit adjustment to their Company charges of \$0.62 per Utility Single Bill per monthly billing cycle as a Billing Services Credit. This credit will be applied only once to a dual service customer bill.

##### (C) Marketer Single Billing Service

##### Billing Services Credit:

Customers who chose the Marketer Single Billing Service will receive a monthly credit adjustment to their Company Charges of \$0.62 per monthly billing cycle. This credit will be applied only once to a dual service customer bill. The credit shall be provided only in circumstances when the customer is no longer receiving a bill issued by the Company for the account.
