### GENERAL INFORMATION

#### 6. INSTALLATION OF MAINS, SERVICE CONNECTIONS AND FACILITIES AND EXTENSIONS: (CONT'D)

##### B. Provision of Gas Service: (Cont'd)

###### (4) Non-Residential Applicant:

If an applicant which will be a firm, non dual-fuel customer requests service, the Company shall furnish, place and construct all mains, service lines, service connections and appurtenant facilities necessary to render the service requested. The cost and expense which the Company must bear shall include:

###### (a) The material and installation costs relating to:

- (i) up to 100 feet of main and appurtenant facilities; and
- (ii) any service line, service connections and appurtenant facilities located in the public right-of-way; and

The amounts paid to governmental authorities for permits to do the work required and all paving charges that are legally imposed by any governmental authority for the repair or replacement of any street or sidewalk disturbed in the course of such installation.

The surface restoration of the portion of the service line, not in the public right-of-way, shall be the responsibility of the applicant.

##### C. Charges for Additional Facilities:

- (1) If, in order to provide service to an applicant, the Company must install mains and appurtenant facilities in addition to those required to be provided without charge under Section 6.B., the Company shall impose a surcharge subject to the following provisions:
